

JOIN the CAMPAIGN! Medical Cannabis for PTSD for Veterans, Police, Fire-fighters and Other American Citizens

ALERT! Bill to Add PTSD to the OMMP is (almost!) "In The House" and Needs Your Help. Contact your Legislators – both Senator and Representative – to co-sponsor, or at least support SB281.

We are happy to report that a bill to add Post-Traumatic Stress Disorder (PTSD) - to the list of debilitating medical conditions of the OMMP has been introduced. There is now a chance for PTSD to be included among those Diseases and Conditions Which Qualify as 'Debilitating Medical Conditions' under the Oregon Medical Marijuana Act.

But Only If YOU Act Today! Senate Bill 281 will mean that thousands of Oregonians who use cannabis to combat mood symptoms, diseases or the intolerable effects of pharmaceuticals, will be free of danger of arrest, prosecution, civil asset forfeiture, child protective service investigations, employment discrimination, medical discrimination, jail and forced drug treatment. PLEASE make contact and Join the Campaign today! It is urgent that patients speak up, take part and tell Oregon and the World – whether you use cannabis or know someone who does – cannabis is safe and effective in treating this condition, and that all patients deserve to use any medication that benefits them free of fear – especially in America. **For more, visit –**
