Re: OMMP Expert Panel Report, 2009 Report

Dear Mr. Glick:

Enclosed please find the above referenced report. If you wish to provide a rebuttal to the report, it must be received by the OMMP no later than 30 day from the date of this letter. If you need additional time in which to submit the rebuttal please contact the OMMP so that they can consider your request for additional time. Once the OMMP has received your rebuttal they will submit it along with the report to Dr. Kohn for his consideration. Please note that I am both emailing and mailing you a copy of the report. The hard copy will be a complete report with all of the attachments included. You should already have copies of all the materials that I used as attachments and because of the bulk of that material; I am not including them with the emailed report.

It was a pleasure to meet you during the course of this process. Any questions or concerns should be directed to Tawana Nichols, OMMP Program Manager and to Shannon O'Fallon, Oregon Department of Justice.

Best Regards,

Jana Fussell
Expert Panel Process Monitor
