LAW in Colorado

SUMMARY: Fifty-four percent of voters approved Amendment 20 on November 7, 2000, which amends the state's constitution to recognize the medical use of marijuana. The law took effect on June 1, 2001. It removes state-level criminal penalties on the use, possession and cultivation of marijuana by patients who possess written documentation from their physician affirming that he or she suffers from a debilitating condition and advising that they "might benefit from the medical use of marijuana." (Patients must possess this documentation prior to an arrest.) Patients diagnosed with the following illnesses are afforded legal protection under this act: *cachexia; cancer; chronic pain; chronic nervous system disorders; epilepsy and other disorders characterized by seizures; glaucoma; HIV or AIDS; multiple sclerosis and other disorders characterized by muscle spasticity; and nausea.* Visit: http://www.norml.org/index.cfm?Group_ID=4526&wtm_view=medical

Dodgeblogium : Medical Cannabis in Colorado. "Kip Streaan finally has found his cause. The day he met a 'soft-spoken, gentle guy' named Don Nord, Streaan joined an increasing number of people in Routt County [CO] — and across the country — who see themselves as activists, helping Nord carry his oxygen tank into battle. 'It just broke my heart when he told me his story,' Streaan said. In mid-October, agents from GRAMNET, the Grand, Routt and Moffat Narcotics Enforcement Team, raided Nord's home and seized his marijuana, pipes and growing equipment — despite the fact that he was registered with Colorado's Medical Marijuana Registry program. Since then, Nord has been in court fighting to get his medicine back." (02/29/04) visit: <http://andrewiandodge.com/archives/001547.html>
