

MEDICAL CANNABIS RESOURCE CENTER

ALL VOL Meet

All MERCY volunteer meeting arraigned for **Sat., February 12, 2005** from High noon to 4:20pm in Salem. Calling all activists and wanna-be's. **NOTE: this meeting is for people who sincerely want to help!** We're getting the job done. If you're tired of wasting time, energy and other resources on activist efforts, come make it count thru MERCY.

This meeting is to orient people working with MERCY on necessary policies and procedures they'll be expected to deal with. Those working with people on their cases and activities involved with medicine should learn OMMP rules and regulations. There is also MERCY protocol to be discussed.

At the same time MERCY wants to communicate with the volunteer members, determining skills and expectations, theirs and ours. Then network them with others who are similar.

Come on down! MERCY wants to be your pipeline to the people, tools and resources to get the job done!

PLACES WANTED!

MERCY needs a Place for XS+Med*Fest in Eugene. A location to receive people, process paperwork and distribute medicine. In addition, would like to be able to facilitate medicating as well.

ALSO, looking for places to Post announcements and posters – flyers like this! Also places that will carry newsletters. At the same time we can survey the business community on supporting the issue.

So tour your area and visit businesses and organizations. Is it a venue? Can they host music events? Is it a smoke shop? Will they do a “glass-ware” party? Is it a gro-lite store or nursery? Y'know, tomatoes have the same grow requirements as cannabis!

And Let Us Know The Response!

GOT INFO?

Do you know about OMMP – the Oregon Medical Marijuana Program? If interested MERCY representatives can come and speak before your group on a specific OMMP issue, the Oregon law and registry process or cannabis as medicine in general. Contact them; call: 503.363-4588 or visit:

Med*Can Gro-Vention

Medical Cannabis Growers
Convention #1 arraigned by
MERCY for Sat., February 26, 2005
from High noon to 4:20pm in
Salem.

The last XS+Med*Fest was a great success. Over one hundred O.M.M.P. cardholders had the chance to be given some baked goods as well as a couple different kinds of meds. A lot of other caregivers said they would like to help. We at the MERCY Center are now working to do something similar in the Eugene area. We are looking for someplace to hold this event and at the same time some other people will be needed to donate some of their medicine so this will happen. Place this date on your calendar. 2-26-05. This meeting will be held at 12:00 to 4:20 p.m. at MERCYs Center on Fairgrounds Road in Salem.

Objectives are ...

Plan for next XS+Med*Fest and Prepare for the future in general. What do other Growers want & need anyway? Lets Survey!

- Are you a Grower able to take on one or more medical cannabis Patients? Register with our referral system. Watch out for the uneducated! Other tips?

- How about Unions/Guilds? How would it work; ie - what would be the benefit to members?

- Info? Network/s! by area, issue, etc., such as seeds, starters, Grow methods and other issues.

- Safety & Security. Support (backups, legal)

- Productivity. Best prices (equipment, materials, etc.)

- Fun, etc. (Events) and more! You tell us.

Plan is ...

This meeting is specifically for caregivers and other patients with meds to share at the upcoming XS+Med*Fest. It will be a chance for the ones that can help us to make some more great events happen. If someone you know was not at this last Med-Fest please let us know who to contact. We are looking to all the great people we talked to at Meetings and the Med-Fest.

Let's make some more good things happen sooner than later!

NOTE: For security reasons, R.S.V.P. - Invite Only! All I.D. will be checked and visitors will register with the host staff for this event. Contact and make an appointment with us:
